SLAVERY AND EMANCIPATION

Graduate Paper

TOPIC: *The Slave Trade: Evolution From the Atlantic to the Domestic System.* What does history say concerning the slave trade as it made transition from the Atlantic Trade system to the self contained system within the Southern United States ? If slave trade began a decline toward the end of the 18th century in the United States, but increased again with the rise of the textile industry and cotton, how did the system maintain itself after the importation of slaves was made illegal?
